PROJECT DESCRIPTION (APPLICANT ENTERED)

PROJECT BUDGET			
	Item	Total Cost	Amount Requested (£3000)

### NEED AND DEMAND

**Applicant Entered:**

**Assessor's Comments:**

- *The group has provided strong evidence that there is a need for this project.*
  - *This need is not being satisfactorily met locally by other agencies, i.e. this is not a duplication of an existing service.*
  - *This is the best way to meet this need.*
  - *There are limited opportunities for these funds to be raised elsewhere and/or there are not more appropriate other avenues for this funding to be sought*
- *There is a need for this project to be supported by grant funding, e.g. the applicant organisation could not reasonably fund this from free reserves or other means*

### REACH AND IMPACT

**Applicant Entered:**

**Assessor's Comments:**

- *The project and all associated costs and activities are relevant to the need it is trying to address*
  - *The applicant is properly qualified to deliver these services to the relevant individuals in the community and possesses the skill or established connections to ensure they are delivered effectively.*
  - *The project will serve under-funded geographical areas and communities.*
  - *The application shows an understanding of and plans for effective outreach.*
  - *The group has addressed barriers to provision (e.g. cost, access, cultural divisions).*
  - *The project will serve a hard to reach demographic and there is evidence that the group will be able to work well with this demographic.*
  - *The project will build useful skills and resources for the local community.*
- *There are other long-term benefits to the community from this project.*

### SUSTAINABILITY

**Applicant Entered:**

**Assessor's Comments:**

- *The applicant can evidence that their group has begun to strategize / investigate long term funding options that will enable this project to continue past the end of this grant*
  - *There is realistic expectation that long term funding can be secured following the end of this grant.*
- *If the project is not long term, the costs and financial projections offered are realistic and sustainable for this project. 'Good value for money.'*

### PARTNERSHIP

**Applicant Entered:**

**Assessor's Comments:**

- *The project must show collaboration with other organisations where objectives are similar.*
- *The project brings together several groups to maximise expertise*
- *The project is innovative and/or unique in the area and is it a creative approach to addressing a need.*

- *Will the project help our community by being proactive in meeting a still - emerging need before it gets more critical or damaging?*

**DIVERSITY AND INCLUSION**

**Primary Ethnicity:**  
**Applicant Entered**

**Assessors Comments:**

- *The project is fully inclusive and has considered differing needs with the diverse communities of MK*
- *Reflects an awareness of the 9 protected characteristics in terms of flavour and design*
- *The group provides evidence of attracting and reaching out to seldom asked/heard communities*
